

# Accessibility statement

This website is run by Lunds Kommuns Parkering AB. We want as many people as possible to be able to use this website. This document describes how lkpab.se complies with the law on accessibility to digital public service, any known accessibility problems and how you can report deficiencies to us so that we can take measures.

## How accessible is the website?

We are aware that parts of the website are not fully accessible. See the section on content not available below for more information.

## What if I cannot use parts of the website?

If you need content from lkpab.se that is not available to you but exempt from the legal applications as described below, please notify us by using our [notification form](#).

You can also contact us via email [info@lkpab.se](mailto:info@lkpab.se) or phone 046-35 59 23.

## Reporting accessibility problems with this website

We aim to make our websites accessible to the widest possible audience. If you find any problems that are not listed on this page or if you think we're not meeting the accessibility requirements, email us at [info@lkpab.se](mailto:info@lkpab.se) to report this.

## Supervision

The authority for digital administration is responsible for supervising the law on accessibility to digital public services. If you contact us with a complaint and you're not satisfied with our response, you can report this to the Agency for Digital Government. ([länk](#))

## Technical information about this website's accessibility

This website is partially compliant with the law on accessibility to digital public, due to the non-compliances and exemptions listed below.

- Some images do not have a text alternative, so people using a screen reader cannot access the information.

- The main menu on the website includes unapproved aria elements and cannot be properly navigated using the arrow keys.
- There are elements on the website with insufficient contrast, which means they may be difficult to read for people with visual impairment.
- The font size of some texts on the website is too small, which means they may be difficult to read for people with visual impairment.
- Some images are used as links but have no text.
- The website is accessible when zooming to 200 percent, except for the contact pop-up where the buttons “Felanmälan parkering” and “Felanmälan lägenhet” are no longer visible. However, these buttons are accessible via the page footer. Magnification of more than 200 percent may cause incorrect position of some graphic elements, or that they are not visible at all.

## **Disproportionate burden**

Lunds Kommuns Parkerings AB pleads exemption from compliance with the accessibility requirement as it imposes a disproportionate burden, regarding the following:

- **Enabling increased distance between characters, rows, paragraphs, and words.**  
Motivation: Enabling dynamic adjusting of distance between characters, rows, paragraphs, and words would demand comprehensive reprogramming of the entire web page, and we need more time to implement this functionality.
- **Developing the system to be manageable only using the keyboard.**  
Motivation: This would demand comprehensive reprogramming of the entire web page, and we need more time to implement this functionality.

- **Providing users with multiple ways of navigation.**

Motivation: This would demand comprehensive reprogramming of the entire web page, and we need more time to implement this functionality.

Our ambition is to fix all known accessibility deficiencies by 30 September, 2020.

### **How we tested this website**

The external party, Bacill AB, has performed an independent review of the availability of lkpab.se by using “WAVE Web Accessibility Evaluation Tool” (<https://wave.webaim.org>”).

The latest review was made on 18 June, 2020.
